LINES.

BY SARAH E. DAVIS.

There sometimes are thoughts in the loneliest heart,
That rest on the spirit like dew on a flower.
There sometimes are tones that awaken and start
Sweet hopes that were hid, by their magical power.
And often a look or a soft word may bear,
O'er the sad heart with a gush of new pleasure,
Embalming its joy, and enclosing it there—
At the shrine of the soul as a treasure.

And though the lone spirit is laden with grief,
In its dim'd casket are rarest gems hiding—
Within that cold bosom a shade of relief
With the phantom of sorrow abiding:
And oh! desolate are the chambers indeed
Of the soul where sweet Hope hath a dwelling—
The wandering footsteps o'er flowers to lead,
And some wild dreaming hymn ever telling.

Oh Hope, blessed Spirit! there reigneth the spell
Of thine own magic hand ever o'er us,
To calm with its music the passionate swell
Of the heart when Despair is before us;
And still ever hide thou, the thorns of our path
With thy buds and the rich Summer flowers;
And oh! hover over our souls when in death
Thy charm from its heavenly bowers.

"This is a 'fast' age, and the art of poetry is decidedly advancing, as will be seen from the following 'charge of Infantry.'"
D. W. ENGLISH.

Sound the stage-horn! ring the bell,
That the waiting world may know—
Publish it throughout all her borders,
Even unto Mexico.

Seize your pen, oh! dreaming poet!
And in numbers smooth as may be,
Spread afar the glorious tidings:
Not another baby!

The Dawn of Love!

BY H. HASTINGS WELD.

The tell-tale eye is eloquent,
In mirth or anger's sudden flash;
But far more meaning is its glance
When Love peeps out beneath the lash.

In vain the half-averted brow—
The thought to hide doth but reveal,
And downcast look and crimson glow,
Do but betray and not conceal.

Thelips may move in studdled phrase,
And words well chosen feign surprise;
But ere by speech the heart is hid,
The truth is spoken—by the eyes!

Think then as well to hide the day,
Whose opening beams the shadows move,
As in the eye to quench the ray
That speaks, unbid, THE DAWN OF LOVE!

Murder Most Foul.

They say that there is a place in New Hampshire where they cut up old maids and make dried apples.
In Connecticut they do better—they cut them up at the age of forty-five into small bits and plant them—when in one season they grow into a lot of cran trees, bearing elegant fruit for tarts—sour as the deuce.

Mr. Clay and Gen. Taylor.
We are pleased to learn, that a cordial and friendly correspondence is maintained between Gen. Taylor and Mr. Clay, and that the efforts which have been made to estrange them from each other, is as it should be.

SUNDAY DRINKING.—A temperance lecturer in New York, recently said that \$40,000 was expended for liquor in that city every Sabbath.

Col. Morgan & Brough.

These "fellows"—a noble pair—are cutting a figure at Columbus each characteristically—Morgan enacting the blackguard and bully, and Brough puffing him for it. Isn't it the very sublime of all that is contemptible, but at the same time the essence of all that is characteristic, to hear one of these Mexican heroes belabouring the other, for pointing his finger and threatening to throw some body out of the window? Morgan fought bravely in Mexico, and Brough might have done so, if he had got a chance; but the idea that either of these fellows have monopolized all the courage left in the world, so that men tremble at the wag of their fingers and tongues, is supremely ridiculous. If the Whigs of Columbus permit themselves to be insulted, they deserve to be kicked; but if they exhibit a proper spirit of self-respect, these terrible Colonels can be managed about as easy as other mortals. Nay, even their noses may be pulled with quite as much impunity as the noses of any other beings of flesh and blood.—*Cincinnati Atlas.*

Congress.

In the Senate Mr. Douglass, of Illinois, gave notice of his intention to introduce separate bills for the establishment of Territorial Governments in Minnesota, Nebraska, and New Mexico, and for the admission into the Union of the State of California.

In the House, Mr. Smith, of Illinois, gave notice of bills to grant lands to the State of Illinois to aid the construction of a Railway to connect the Upper and Lower Mississippi with Lake Michigan, and to the road from New Albany to Alton.

Mr. Clay's Health.

We had the pleasure, on Monday and Tuesday, of taking the venerable patriot by the hand at Ashland.

He is now entirely relieved of all disease, and is every day regaining his strength, being able to ride out in his carriage in good weather. He intends to spend the winter in the milder climate of the South, and expects to start for New Orleans in a fortnight.—*Chron., Dec. 8th.*

Western Animals &c.

An English Nobleman came down on the Gen. Jessup from St. Louis last week, having with him a number of animals, birds, &c., obtained in an excursion of some months among the wilds of the West. He had four fine buffaloes, one with calf, and the largest cow buffalo we ever saw. He intends stocking his park with these. He had also a beautiful Antelope, obtained from a naval officer, with a fine bear, &c. He showed a large collection of our prairie birds, &c. preserved in a fine state by his naturalist.—*Cairo Delta, Nov. 24th.*

The Cabinet.

Correspondence of the New York Tribune.

WASHINGTON, Dec. 8, 1848.
Hon. John J. Crittenden, I hear from a reliable source, declines any place in the New Administration, even the first. He chooses to remain where he is and discharge his duties as Governor of Kentucky.

Hon. Wm. C. Rives, of Virginia, and Hon. John M. Clayton, of Delaware, are mainly talked of for the highest position in the Cabinet. Hon. Caleb B. Smith, of Indiana, is suggested for Post Master General.

Gen. Taylor and Mr. Webster.

The following story, of rather apocryphal authority, is given in the Boston Traveler, as in circulation in that city.

"It is stated that Mr. Webster sent a copy of his Marshfield Speech to Gen. Taylor, and since the election has received a letter from the old General, acknowledging the receipt of the speech. In regard to the expression of Mr. Webster that the nomination of General Taylor for the Presidency was one not fit to be made, the General says he was much of Mr. Webster's opinion at the time of the nomination; but thinks, that since the people of the United States are of a different opinion, it may be best for both himself and Mr. Webster to reverse their opinions.

Spirit of Blood.—When the stream of life is encumbered with morbid humors, its volume or quantity is increased, and the blood-vessels are filled to overflowing; hence a rupturing of those which terminate in the lungs, and spitting of blood, consumption, and other dreadful complaints. **Wright's Indian Vegetable Pills** are certain to put a stop to spitting of blood; because they expel from the circulation those corrupt humors which are the cause of the bursting of blood-vessels, and of every malady incident to man. From three to six of said Indian Vegetable Pills taken at night on going to bed will in all cases give relief, and if repeated a few times, will most assuredly restore the body to a state of sound health.

Beware of Sugar-Coated Counterfeits!
Remember that the original and only genuine **Indian Vegetable Pills** have the written signature of **WILLIAM WRIGHT** on the top label of each box.

The genuine is for sale by **JAMES W. EVANS**, sole agent for Marysville; **ANDREW KEYES**, Milford; **S. J. KIRK**, Scott's corners; and by one Agent in every village and town in the United States.

Wholesale by **SAMUEL GARRETT**, Cincinnati; and at **Dr. W. WRIGHT's** principal office, 169 Race street, Philadelphia.—*Unionville, Dec. 14, 1848.*

How singular it is that the men who make money the fastest, whose wares are sought for and paid for, by the whole universe, who roll up their hundreds of thousands of dollars in 10 or 20 years; how singular it is, that these very men are said to be dealing

in "humbug" or Patent medicines. A new article is put forth.—**Vaughn's Vegetable Lithontriptic Mixture** for instance: it sells and cures; bark! "another humbug" is heard. The sales of the Great American Remedy, **Vaughn's Lithontriptic**, swell to an enormous amount; people are still cured; tens of thousands have received benefit from its use; still "humbug" is heard, and the patrons of this medicine look around to discover where the constant yelping comes from.—alas! from the "Medical Faculty" who like little dogs barking at the moon, still keep it up, while moon shines on. See Great American Remedy in our columns; hear the Agent's stories of **Vaughn's Medicine**. *

SANDS' SARSAPARILLA.

The following certificate is only another link in the great chain of testimony to its merits. Let the afflicted read and be convinced. What it has done once, it will do again—

MADISONVILLE, Ky., Feb. 22, 1845.
Messrs. A. B. & D. Sands—Having used your Sarsaparilla in my family, and witnessed its beneficial effects on one of my children I feel it to be a duty I owe the community to make the case public. About two years ago my

little son was attacked with Scrofula or King's Evil, which broke out in eight or nine places round the neck and jaw, and finally effected his eyes, rendering him entirely blind. During the first year from the time he was taken, he was attended by several physicians, but continued to get worse until I despaired of his ever getting well. Having seen your Sarsaparilla advertised with certificates of its cures, I concluded I would give it a trial, and accordingly sent to Cincinnati and procured a few bottles, and now, after having used nine bottles, I have the gratification of saying he is well. The sores are all entirely healed, and his sight nearly as good as ever it was; and I have no hesitation in saying, that he was entirely cured by the use of your Sarsaparilla.

Yours truly, **E. BASSETT.**

JOHN JOHNSON, Sec'y.
Marysville, Ohio, Dec. 14, 1848.

THE ARGUS,

AND
Union County Advertiser.

Marysville, Ohio.

WEDNESDAY, DECEMBER 20, 1848.

E. W. Carr, No. 440 North 4th Street, Philadelphia, is an Agent to procure Advertisements and Subscribers for The Argus & Union County Advertiser.

New Mexico.

On the 13th inst. Mr. Benton presented to the Senate of the United States a memorial signed by the officers and other members of a Convention of the people of New Mexico, held at Santa Fe on the 14th of October, praying Congress to organize a Territorial Government for New Mexico, and to protect them against the introduction of Slavery.

The petition was sent to the care of Mr. Benton, and Mr. Clayton of Delaware. And Mr. Benton made a motion that it be printed and referred to the Committee on Territories. On this motion a very animated debate took place, in which Messrs. Benton, Calhoun, Clayton, Wescott, Foote and Hale, participated. Mr. Calhoun and others denounced the petition as insolent and disrespectful to the South, and Messrs. Benton and Clayton defended it. After much discussion, which, however, was conducted in a tolerably courteous spirit, the question on printing and referring was taken by yeas and nays, and was carried by a vote of 33 in favor to 14 against it. We notice that every Whig Senator both North and South, voted in favor of the resolution with the exception of Mr. Berrien of Georgia.

The Locofoco Platform.--Archbold's Resolutions.

The Preamble and Resolutions offered by Archbold, a Locofoco Senator from Monroe county, will be seen in to-day's paper. These resolutions at present appear to form the leading articles of the Democratic creed—we ask for them a careful reading. It will be seen that they set the law of the State at defiance and threaten resistance to the levy and collection of taxes by the legal authorities. The mover of these resolutions is a poor miserable half-witted addlepated Lunatic; and coming from such a source they would not be much regarded if they were not sustained by the other Senators of the same party. Whitman of Fairfield made a speech in support of the resolutions in which he said if the Legislature was not soon organized, that the Democracy of the State would come up to Columbus and establish a Provisional Government to continue until a new Constitution could be adopted. He said he had recommended mild measures hitherto, but the time for forbearance was past. *Blood must flow, &c. &c.* Now all this sounds very ferocious. But if we were called upon for an opinion on the subject we should say without hesitation, that it was only intended to frighten the Whigs—and *skewer* them into submission. Not but what those men would be willing to resort to the most desperate means to carry their point if they were not afraid that in the squabble they might get hurt themselves. And all we are astonished at is that the Whig members do not answer them and show them up in their true colors. The idea that the intelligent people of Ohio could be induced to go to cutting each other's throats at the bidding of such a set of contemptible low desperate dogs, is most supremely ridiculous. And if the Whig Senators will meet them promptly and firmly on every point, and return word for word, and blow for blow, they will soon get sick of the game, as they find out no person is alarmed at their braying.

The Legislature had not yet effected an organization as late as Monday of this week.

California Gold.

Quite an excitement is getting up in this country concerning the Gold Mines of California. It is said that the territory in which it is found to exist in great abundance is two hundred miles in extent one way, and about sixty miles the other way. It is said that most of the people of California have turned gold diggers. The following is an extract from a letter of a Mr. Colton, a citizen of that country: "As to the quantity which the diggers get, take a few facts as evidence. I

knew seven men who worked seven weeks and two days, Sundays excepted, on Feather river, they employed on an average fifty Indians, and got out in these seven weeks and two days two hundred and seventy-five pounds of pure gold. I know the men and have seen the gold, and know what they state to be a fact—so stick a pin there. I know ten other men who worked ten days in company, employed no Indians, and averaged in these ten days fifteen hundred dollars each;—so stick another pin there. I know another man who got out of a basin in a rock, not larger than a wash bowl, two pounds and a half of gold in fifteen minutes;—so stick another pin there! Not one of these statements would I believe, did I not know the men personally, and know them to be plain matter of fact men—men who open a vein of gold just as coolly as you would a potato hill."

Archbold's Resolutions.

Whereas, the Constitution of this State provides expressly that "no money shall be drawn from the treasury except in consequence of appropriations made by law." And whereas the men of this generation are essentially equal in their rights to the men of the last; and all pretendedly irrevocable and irrevocable Statutes are not only in themselves absurd, but gross invasions of the rights of posterity. And the authority, long since bestowed by act of Assembly on the Auditor of State, to levy and collect taxes by his sole authority, for the payment of the interest on our immense public debt, is invidious and odious and has only been tolerated by the good men and true representing the Democratic people of this State from motives of fastidious delicacy concerning public faith, and extreme anxiety or the fulfillment of public obligations. But unique and unparalleled as this enactment is, and unexampled in the history of our republics, the General Assembly that created a machine so extraordinary must have intended, and did intend to keep it at all times under the strict supervision and control of the Legislative department. And it has now become painfully manifest to this Senate that a preconcerted design exists in the breasts of some unscrupulous politicians, to prevent the organization of the House of Representatives, and thereby annihilate or suspend the law making power.

Therefore be it.
Resolved, That none but a nation of slaves would submit to be taxed by a single man under such circumstances. And that if the State Auditor shall during an interregnum, created by means so nefarious, have the atrocious audacity to attempt the exercise of this most odious function he shall be deemed infamous, and an enemy to the Nation in general and to this State in particular.
Resolved, That the imposition of taxes is an exertion of a high and pre-eminent sovereign power, and is essentially of a legislative nature, and therefore that the perpetual or temporary delegation of the taxing power by statute to a single man is essentially unconstitutional, null and void and can only exist by universal suffrage and acquiescence, and must vanish before the first opposition, like the mists of the morning.

Resolved, That the Senators voting for these resolutions will by all open and avowed means, whether peaceable or forcible, oppose the collection of taxes in their counties and districts, levied by the State Auditor, during the disorganization of the General Assembly, and will for that purpose invoke the effectual aid of their friends and constituents. And for the fulfillment of this resolution, the Senators so voting, pledge to each other their lives, their fortunes, and their sacred honor.

Resolved, That the County Treasurers he and they are hereby advised and invited, by the Senators so voting as aforesaid to withhold the State revenue for the present, until an organization of the General Assembly can be effected or ulterior measures devised by the friends of the country.

The Cholera in New York.

A correspondent of the Philadelphia Ledger writing from New York on the 11th inst., notices the matter as follows: "The Cholera is here. Some of the papers throw discredit upon the report, but it is true, and I cannot see the propriety of attempting to suppress it. About an hour ago I had a conversation with one of the boarding officers from Staten Island, who informed me that there were 6 Cholera patients under treatment at the Quarantine Hospital, and that 2 died yesterday. The disease was brought over by the Havre packet, New York, Captain Lines, which reached Quarantine on Friday. She lost 7 steerage passengers by Cholera on the voyage. All the inmates

of her steerage are now within the hospital limits, but the cabin passengers have come up to New York. No measures have yet been taken to stop the communication between Staten Island and this city. One of our most skillful physicians has been down to the Island, and returned this afternoon. He says that the cases in the Hospital are beyond all question cases of Asiatic Cholera, though of a mild type. One of the patients was in a dying state this morning."

A telegraphic dispatch from New York, dated the 13th, reports four new cases at Staten Island Hospital, on that day, three of which proved fatal—two in the hospital and one in the city—some 15 or 20 cases, in all, have been reported.

General Taylor has the News!

NEW ORLEANS, Nov. 21.

General Taylor has the news of his election. He was at Baton Rouge, when the news of the result in Pennsylvania reached him, and at the same time came accounts from a sufficient number of other States to make it certain that he was elected. I hear from those who were present when he first received intelligence, that he betrayed not the least exultation, but heard it with the composure and dignity which are so essentially parts of his character.

He soon afterwards left Baton Rouge in a steamboat, for his plantation on the Mississippi; and we have a report of a rich scene that occurred on board. A passenger, not knowing the General, accosted him as one of the planters of Louisiana, and introduced the subject of politics, stating that he (the passenger) had voted for Cass, though he thought very well of Gen. Taylor as a man, but that he always stuck to the party, and besides, did not exactly think General T. was qualified for the office.

He then asked the General if he was a Taylor man, to which the General replied, "Not much of a one—that is, he did not vote for him—partly because of family reasons, and partly because his wife was altogether opposed to sending 'Old Zack' off to Washington where she would be obliged to go with him!"

At this moment another passenger stepped up and accosted the General, calling him by name! The other party looked a little wild, took a good look at Old Zack and then slipped off, before the General could have a chance of relieving him from the embarrassment into which he had been thrown.

The General is in excellent health, and bears his new honors with grace and dignity.

Ohio State Journal—for the Session

The time is already at hand when, according to the requirements of the Constitution of Ohio, the Representatives of the People will assemble at the Capitol, for the annual transaction of such business as the public exigencies may require. Questions of moment, affecting the interests of the State and of the People, will engage the attention of the Legislature, and impart lively and lasting interest to the whole community. As a means of gratifying this interest, the proprietors of the Ohio State Journal will be prepared to render a prompt and faithful account of the daily transactions of the General Assembly, as they shall transpire. To do this, a great expense on their part will be necessarily incurred.

In lieu of the usual indefinite mode of subscribing for the Session, without regard to its duration, we propose to supply those who may choose to patronize our press, with the Ohio State Journal for the period of three months commencing with the first Monday in December, at one-fourth the price of the regular annual subscription. This period will in all probability embrace more than the term of the Legislative Session, and will continue during the entire session of Congress.

For a re-imbursement of the large outlays which we must necessarily incur to carry out this arrangement, we look with confidence for an enlarged and liberally sustained circulation of our paper; and we ask of those into whose hands this prospectus may fall—and especially of such as favorably appreciate our labors in upholding and advancing the whig cause for which our fathers were content to labor—to aid us in procuring subscriptions, and forwarding the pay. As the State Journal relies for support exclusively upon the patronage of a discerning public, and is in no way connected with the State Printing, it becomes unavoidably necessary as a prudential means of self-preservation, that subscriptions for less than a year should be paid invariably in advance.

A crisis is at hand in the affairs of the State of Ohio. The People have, in the usual manner, chosen their representatives. But in some instances the Clerks of the Courts have taken upon themselves to place themselves, instead of the people and the laws and by their own act of assumed authority, to constitute members of the General Assembly, in derogation of both the laws of the land, and of the popular will! We are prepared to see persons thus furnished with credentials, present themselves at the bar of the House, and claim to be recognized as members of the General Assembly! We are prepared to see these fraudulent and counterfeit claims zealously sustained by the unscrupulous leaders of a thoroughly organized party, and the acts of those leaders defended by a reckless and mercenary press. It is the business and bounden duty of the sovereign people, to vindicate the majesty of the laws, and to protect and defend the Constitution, as it was framed and transmitted to their fathers. It remains to be seen whether the Ark of our political Covenant is to be committed to the ruthless hands of factionists and disorganizers, or preserved sacred and inviolate. And while questions of such magnitude and vitality are pending it behooves the people to keep constant vigils.

MAN may get mad for opinions sake, but who can get mad for facts?

When the sick say they had rather have one 25 cent box of

Dr. Le Roy's Wild Cherry and Sarsaparilla Pill than a whole dollar bottle of

Sarsaparilla Syrup or Wild Cherry Bitters. We can only say it is a judicious

choice, from the fact that the Wild Cherry and Sarsaparilla Pills are a

strengthening, purgative, and a purifying Tonic. They tone and invigorate

the system, they purge and purify. And we challenge the world to produce

another medicine that has this happy effect upon the system. These Pills

can be taken without regard to working, or eating, or weather. Do not

wait until you are stretched upon the sick bed, when you are wracked with

pains and scorched with fevers. You may prevent all of this by taking Le Roy's Pills, and you will agree with

me when you try one box. If females knew their great virtue they would not

be without a box if they had to pay \$1.00 instead of 25 cents. These Pills

never fail to cure the chills and fever when they take 4 pills and repeat the

dose every 6 hours for 12, 18 or 24 hours—24 hours is the longest any one

has ever been known to take them. For Dyspepsia, Liver Complaint, and

Sick Headache, this medicine has no rival. One box will satisfy the most

incredulous in any case, however stubborn it may be. Full directions accompany each box. The genuine article

is sold by R. PICKET, in Marysville. Also, for sale in all the towns

in the country. May 10. n51m3.

The Best and Cheapest Family Medicine in the World!

An Alternative, Tonic, Diuretic, and Mild Cathartic.

PRICE 33 CENTS PER BOX, CONTAINING 50 PILLS.

THE great superiority of "ROBERTS' COMPOUND SARSAPARILLA PILLS" over all other preparations of Sarsaparilla and Pills, is the concentrated

form and purity of the extract, which, being combined with other vegetable

extracts, renders them the most purifying of all medicines.

The peculiar virtues of the Sarsaparilla root have for a long time attracted the attention of the medical profession

and the public, and great interest has been directed to the development of its

medical properties; various syrups, tinctures and decoctions have been prepared from it, all of which have been found to contain little or none of the valuable

properties of the root. Medical men are aware how slightly the root yields its virtues by maceration in water, and the impossibility of retaining it when prepared in alcohol. Hence the great value of the solid extract of which these Pills are prepared. One box of the Compound Sarsaparilla Pills contains more of the Sarsaparilla than is contained in two bottles of the syrups usually sold.

The proprietor experimented for several years to obtain from the root a solid extract, which should possess all its valuable properties in the most concentrated form, which he combined in the form of Pills, and has used them in his practice with the most astonishing success; and, at the suggestion of many friends, he now offers them to the public at a price which makes them the cheapest medicine in the world, with the full assurance that they will be found to be the best medicine ever prepared.

The Compound Sarsaparilla Pills are used for the permanent cure of those diseases which arise from an impure state of blood, and morbid secretions of the liver and stomach, viz: Erysipelas, Scrofula or King's Evil, Ulcers, Scald Head, Obsolete Cutaneous Eruptions, Blotches, Boils, Pimples, Sore, Weak or Inflamed Eyes, Glandular Swellings, Rheumatic Affections, Pains in the Bones and Joints, Dropsy, Dyspepsia, Asthma, Diarrhoea & Dysentery, Coughs, Colds, Consumption, when caused by capillary obstructions of the lungs, in persons of scrofula constitutions, Inflammation of the Lungs, Influenza, Indigestion, Headache, Jaundice, Chills, Fevers and Fevers in general, General & Nervous Debility, and Diseases arising from an injudicious use of Mercury, & whenever medicine is required to invigorate and purify the system.

They are a purely vegetable compound and may be used by persons of all ages, they are pleasant to the palate, and produce no nausea, uneasiness or griping in their operation. Hundreds of certificates could be given of those who have used them with great benefit. Purchaser will be particular to ask for "ROBERTS' COMPOUND SARSAPARILLA PILLS," and observe that the wrapper on each box has a fac simile of the signature of Jos. Roberts, M. D., and to purchase none others.

All applications for agencies, and letters on the subject of the medicine, must be addressed, post paid, to C. P. FAY, New York City, General Agent for the United States, British and West India Provinces.

GREAT American REMEDY!

Western New York College of HEALTH,

207 MAIN STREET, BUFFALO, N. Y.

DR. G. C. VAUGHN'S Vegetable Lithontriptic Mixture.

THIS celebrated remedy is constantly increasing its fame by the many cures it is making

ALL OVER THE WORLD.

It has now become the only medicine for family use, and is particularly recommended for

DROPSY: all stages of this complaint immediately relieved, no matter of how long standing. See Pamphlet for testimony.

GRAVEL, and all diseases of the urinary organs; for these distressing complaints it stands alone; no other article can relieve you; and the cures testified to will convince the most skeptical—see pamphlet. Liver Complaint, Bilious diseases.

FEVER AND AGUE.

To the great west especially, and wherever these complaints prevail this medicine is offered

NO MINERAL AGENT, no deleterious compound is a part of this mixture, it cures these diseases with certainty and celerity, and does not leave the system torpid. See Pamphlet.

PILES, a complaint of a most painful character, is IMMEDIATELY RELIEVED, and a cure follows by a few days' use of this article: it is far before any other preparation for this disease, or for any other disease originating from impure blood.—See pamphlet.

DEBILITY OF THE SYSTEM, weak back, weakness of the kidneys, &c. or inflammation of the same, is immediately relieved by a few days' use of this medicine, and a cure is always a result of its use. It stands as

A CERTAIN REMEDY for such complaints, and also for derangements of the female frame.

Irregularities, Suppressions, painful menstruations. No article has ever been offered except this which would touch this kind of derangements. It may be relied on as a sure and effective remedy, and did we feel permitted to do so, could give

A THOUSAND NAMES as proof of cures in this distressing class of complaints. See pamphlet. All broken down, debilitated constitutions from the effect of mercury, will find the bracing power of this article to act immediately, and the poisonous mineral eradicated from the system.

ERUPTIVE DISEASES will find the alternative properties of this article

PURIFY THE BLOOD, and drive such diseases from the system. See Pamphlet for testimony of cures in all diseases, which the limits of an advertisement will not permit to be named here; Agents give them away; they contain 32 pages of certificates of high character, and a stronger

ARRAY OF PROOF of the virtues of a medicine, never appeared. It is one of the peculiar features of this article that it never fails to benefit in any case, and if bone and muscle are left to build upon let the emaciated and lingering invalid

HOPE ON, and keep taking the medicine as long as there is an improvement. The proprietor would

CAUTION THE PUBLIC against a number of articles which come out under the head of

SARSAPARILLA, SYRUPS, &c. as cures for Dropsy, Gravel, &c. They are good for nothing, and concocted to gull the unwary;

TOUCH THEM NOT! Their inventors never thought of curing such diseases till this article had done it. A particular study of the pamphlet is earnestly solicited.

Agents and all who sell the article are GLAD TO CIRCULATE

gratuitously. Put up in 30 oz. bottles at \$2; 12 oz. do. at \$1 each—the larger holding 6 oz. more than two small bottles. Look out and not get imposed upon. Every bottle has "Vaughn's Vegetable Lithontriptic Mixture," blown upon the glass, the written signature of "G. C. Vaughn" on the directions, and "G. C. Vaughn, Buffalo," stamped on the cork. None other are genuine.—Prepared by Dr. G. C. Vaughn, and sold at the Principal Office, 207 Main street, Buffalo, at wholesale and retail. No attention given to letters unless post-paid—orders from regularly constituted Agents excepted; post-paid letters, or verbal communications solicited advice, promptly attended to, gratis.

WISTAR'S

Balsam of Wild Cherry, The Great Remedy for Consumption of the Lungs, Affections of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, Chronic Cough, Pleurisy, Hemorrhage of the Lungs, and all other Affections of the Pulmonary Organs.

IMPORTANT CAUTION.—Beware of a base counterfeit of Wistar's Balsam of Wild Cherry, signed by one Wm. M. Spear, who, in order to palm his vile imitation upon the public, has obtained a fac simile of our bottle, and copied our label of directions verbatim, substituting his own name for that of Henry Wistar, M. D., which is found on the genuine.

Remember, the outside label or wrapper of the genuine Balsam is a finely executed steel plate engraving bearing the signature of Henry Wistar, M. D., and Sanford & Park—none other can be genuine.

Testimony of Doctors in favor of Wistar's Balsam of Wild Cherry.

Exeter, Me., Sept. 30, 1835.

This certifies that I have recommended the use of Dr. Wistar's Balsam of Wild Cherry for diseases of the Lungs for two years past, and many bottles to my knowledge have been used by my patients, all with beneficial results. In two cases, where it was thought confirmed consumption had taken place, the Wild Cherry effected a cure.

E. BOYDEN, Physician st., Exeter Corner.

Dr. Wm. A. Shaw, of Washington, N. C., writes under date of May 1, 1846, as follows:

"I have heard of many cases of decided beneficial effects from its use, especially in asthma and chronic cough of spasmodic character. I have used the Wild Cherry a great deal in practice, and with marked good results in those cases of great nervous mobility and irritability to which phthisical patients are subject. The combination of these principles in Wistar's Balsam of Wild Cherry is ingenious and judicious."

Dr. Hoffman, Huntington, Pa., cured a child of asthma with it, after he declared he could do no more with his medicine, and the child must die.

Dr. Freleigh, of Saugerties, N. Y., says he cured a complaint of four years' standing, that would not yield to the usual remedies.

Abraham Skillman, M. D., of Round-brook, N. J., says it is the best medicine for consumption in every stage that he has ever known. We might refer you to hundreds of cases, had we room, that would convince all of its great virtue.

ALBANY, Mass., July 30, 1845.

ONE OF THE MOST REMARKABLE CURES ON RECORD.—DEAR SIR: Having experienced great benefit from your invaluable medicine, I feel it my duty and privilege to let the world know what it has done for me. Tormented of a strong constitution naturally, I enjoyed perfect health previous to the spring of 1843, when I was troubled with a difficulty in my left side, attended with considerable pain. Some time in July I was violently attacked with a cough which continued until fall; then I was confined to the house for eight months, during which time my cough was very severe. I frequently had spells of coughing which lasted two hours, and raised large quantities of disagreeable matter accompanied with blood. Sometime I raised a quart of blood at a time. I consulted three physicians, all of whom did their best to restore me; gave me up; said they could do no more for me; I must die; it was impossible for me to live but a short time. One of them said my lungs were gone. At this critical moment, when eminent physicians had exhausted their skill, friends despaired of my life, and my own hope of recovery at an end, I resorted to DR. WISTAR'S BALSAM OF WILD CHERRY. When I had taken one and a half bottles, these severe spells of coughing were removed. I continued to take the Balsam until the spring of 1844, when I ceased to bleed from the lungs; my health and strength improved so that I was able to leave the house, but was not able to work for a year. Now my health is good—I am able to do a day's work every day on my farm. JAMES GOMERY.

Witness—Thomas Bennett.
