## LOOK OUT FOR COUNTERFEITS!

There are counterfeit One Dollar bills, upon the State Bank of Ohio, in circulation. One of them was detected this morning by the Treasurer of this county, to whom it had been presented in payment of Taxes. The following is a tolerably accurate description of it: One Dollar of the State Bank of Ohio, payable at the Exchange Branch in Columbus; No. 99; letter C; dated Nov. 4th 1845;—On right hand margin, a female standing by a sheaf of wheat and holding a sickle in her left hand; on left hand margin a head of Washington; Vignette, a reaper sitting and holding a sickle in his right hand, with sheaves of wheat, ears of corn &c. near him on his left, a plough, running elk, &c., in the back ground, and a steamboat and railroad car in the distance; the head of a dog between the names of the Cashier and President; the name of the President, G. Swan, is very coarsely and badly executed; the name of the Cashier is written H. M. Hubbard, instead of W. B. Hubbard the true name; plate purports to be engraved by Toppan, Carpenter & Co. The engraved figure on the back of the bill is totally unlike that on the real bills. It is deeper red in color, and has a different outline.

P. S. Since the above was written, four other bills of the same kind have been exhibited in the Treasurer's Office, differing only in the number, and the letter. The bills are all perfectly new and fresh looking. The issue is so recent that with proper exertion these bills, or some of them, may undoubtedly be traced back to their origin. There has in all probability been a large emission. The whole community ought to be on the alert to detect the makers and venders.

## THE MARKETS.

We have Cincinnati dates, as late as the 18th inst. The prices of the principal articles of produce were then ranging as follows: Flour \$4.50 to 4.55 per barrel; Wheat 75 cents per bushel; Oats 22 to 24 cents per bushel; Eggs 16 cents per dozen; Onions 62½ cents; Potatoes 35 cents; Turnips 25 cents; Cheese 7 to 8 cents for a prime article of Western Reserve. The sales of hogs were rather dull, but the prices pretty well up, viz: \$4.00 per hundred for "good pork hogs," and \$3.87 to 3.90 for "fair bacon hogs."

John and Aaron Long, and Granville Young, were executed, according to their sentence, for the murder of Col. Davenport, at Rock Island, on the 29th October.

**LIFE OF MAN.**—How transient is the life of man! To-day he is in his glory—full of health and buoyant of spirits. To-morrow he is cut down and the cold clod is his bed. Yet, we are looking to the future and forming new schemes, as if life were immortal and all men would be swept from the stage of life before ourselves. How affecting is the remark of another: "A man is thirty years old before he has any settled thought of his fortune; it is not completed before fifty; he falls a building in his old age, and dies by the time his house is in a condition to be painted and glazed." Thus is man; thus is life. He only is wise, who, with an eye to the future, enjoys the present, and holds himself in readiness to depart whenever the mandate goes forth: "This night thy soul shall be required of thee."

**THE DEAD.**—How little do we think of the dead. Their bodies lay entombed in all our towns, villages, and neighborhoods. The lands they cultivated, the houses they built, the works of their hands are always before our eyes.—We travel the same roads, walk the same paths, sit at the same firesides, sleep in the same rooms, ride in the same carriage, and dine at the same table, and yet seldom remember that those that once occupied these places, are gone—alas! forever!

Strange that the living should so forget the dead when the world is full of the mementos of their lives. Strange that the fleeting cares of life should so soon rush in and fill the breast to the exclusion of those once so near. To-day man stands and weeps over the grave of his departed friend. To-morrow he passes that grave with cold indifference. To-day his heart is wrung with all the bitterness of anguish for the loss of one he so much loved; to-morrow the image of that friend is effaced from his heart and almost forgotten. What a commentary upon man.

**OHIO AND VIRGINIA.**—We understand (says the Cincinnati Gazette) that Governor M'Dowell has refused to issue his warrant for the delivery of the Parkersburgh kidnappers, on the requisition of Governor Bartley. Gov. M'Dowell has also sent a requisition to Gov. Bartley for the delivery of the two Ohio citizens indicted in Wood county, for assisting the escape of Howarth's slaves. Gov. Bartley will, of course, refuse compliance with this requisition, or in any way to aid the pitiful subterfuge which led to the indictment of these men. We should like to see the correspondence made public.

**PARAGUAY.**—The N. Y. Journal of Commerce says:—"Our government has despatched Mr. Edward Augustus Hopkins to Paraguay, for the purpose of collecting information with reference to a better understanding of the character and resources of the country."

**RAILROAD PROJECT.**—A project is on foot for a railroad from the Gulf of Mexico to the Gulf of California, passing through Chihuahua, the upper part of the province of Durango, and terminating a little south of Guyamas in Sonora, on the Gulf of California. The length of this road, it is supposed, will be about 900 miles, and its line would be on a route interposing no very great obstacle to its construction.—

The time required to reach California from Cincinnati or St. Louis, say to N. Orleans 5 days; thence to the commencement of the road, on the Gulf in Texas, 2½ days; thence by the road to the Gulf of California, by said road, at 200 miles per day, 4½ days, making in all from Cincinnati to California, 12 days; and that in summer or winter!—[Cin. Gazette.]

**ROT IN THE POTATOE.**—The potatoe disease is very general in Erie, Sandusky and Ottawa counties, this year. Many farmers have lost their entire crop, and many others the principal part. This disease, so little known a few years ago, seems to have become general, both in this country and in Europe. An effectual preventative would be a desideratum to the farmer.—[Sandusky Democratic Mirror.]

George Wells, was sentenced to 20 years imprisonment in the state's prison, at the recent term of the circuit court, in Monroe county, Michigan, for an assault, with intent to kill, upon Lewis A. Hall, teller of the bank of River Raisin.

**HOW TO BE MISERABLE.**—Sit at your window and look over the way to your neighbor's excellent mansion, which he has recently built and paid for, and sigh out, "O that I was a rich man!"

Get angry with your neighbor and think you have not a friend in the world. Shed a tear or two and take a walk in the burial ground, continually saying to yourself: "When shall I be buried here?"

Sign a note for a friend and never forget your kindness; and every hour in the day whisper to yourself: "I wonder if he will pay that note?"

Think every body means to cheat you. Closely examine every bill you take, and doubt its being genuine, till you have put the owner to a great deal of trouble. Believe every ninepence passed you is but a sixpence crossed, and express your doubts about your getting rid of it if you should venture to take it.

Put confidence in nobody and believe every man you trade with to be a rogue.

Never accommodate, if you can possibly help it. Never visit the sick or afflicted, and never give a farthing to assist the poor.

A lady was told, the other day, by a travelling gentleman, that in a foreign country through which he had travelled, every lady who had a small mouth was provided with a husband by government. "Is it possible?" said the lady, making her mouth as small as she could. The gentleman added, "that if a lady had a large mouth, she was provided with two husbands." "My gracious!" said she, throwing open her mouth to its fullest extent. At this the gentleman became alarmed, made his escape, and has not been heard of since.

"What's the price of this silk?" inquired a DEAF old lady of a young shopman.

"Seven shillings," was the reply. "Seventeen shillings!" exclaimed she, "I'll give you thirteen."

"Seven shillings, ma'am, is the price of the silk," replied the honest draper. "Oh, seven shillings," the old lady sharply rejoined, "I'll give you FIVE!"

Mr. CLARKE, who has just been appointed Governor of Iowa, was formerly a *jour* printer. He cannot fail of making a good Governor. He must countenance no man who does not pay for his paper.

About 2,000,000 of the Chinese live in floating houses in the vicinities of the large cities; water being cheaper than land for building lots.

30,000 persons are said to have emigrated from Vermont and New York to Wisconsin, within the present year.

**STEAMBOAT COLLISION.**—The steamers Lady Madison and Plymouth came in Collision near Shawneetown on the 31st ult. The Plymouth sunk in two minutes, and at least 9 lives were lost!

**A PROFITABLE BUSINESS.**—It is said that the London Times receives a revenue of \$25,000 per week for rail-road advertisements alone.

According to a report from the Sheriff of Hamilton county, Ohio, it appears that EIGHT HUNDRED AND SEVENTY THREE persons have been committed to the jail of that county, during the year ending 31st of Oct. 1845—& that of this number seven hundred & ninety were intemperate! Thus it is that intemperance and crime go hand in hand.

## THERE'S BEAUTY EVERYWHERE.

BY JAMES A. BEVERIDGE.

There's beauty in the dashing wave,  
When the storm is raging high—  
There's beauty in the quiet stream  
As it gently glideth by.  
There's beauty in the cloudless night  
When stars are shining clear,  
Or darkness shuts them from the sight—  
There's beauty everywhere.

There's beauty when the morning dawns  
And gives to earth her light,  
And when the fading sun proclaims  
The slow approach of night.  
There's beauty in the verdant lawn  
When buds their blushes wear,  
And when the ice-king holds his court,  
There's beauty everywhere.

There's beauty when the Christian kneels  
In humble prayer to Heaven—  
When o'er his soul hope sweetly steals,  
And tells of sins forgiven.  
There's beauty in the merry sounds  
That float upon the air,  
When music breathes a happy strain—  
There's beauty everywhere.

The steamboat Ocoila arrived at Norfolk on Sunday night, from Washington, with one hundred and forty seven colored persons, men, women, and children emigrants for Liberia.—These people were liberated by will on two estates in Virginia, and are to be conveyed to their new home in the ship Roanoke, which was to sail on Tuesday.—Nat. Int.

A false step may be easily taken, but not so easily retraced; we should therefore guard ourselves against that which might seem to lead us astray, whether it could or not.

In 1781, the whole amount of cotton shipped from this country to England, was 450 bales. In 1787, England imported about 60,000 bales, not one of which was procured from the U. States. So rapid was the increase of our cotton trade, however in 1807, we shipped to England 160,000 bales, valued at \$15,000,000—at 25 cents per pound. From 1800 to 1807 the export of flour from the U. States, was valued at about \$10,000,000 annually.

The New York census has been completed. The whole population is 2,600,774. Males, 1,333,335; females 1,287,069. The number of voters is 475,440, exclusive of those residing in New York city. The increase of the population in five years, has been a little under 180,000, half of which is in the city and its environs.

The consul for Belgium residing at New York, has received official notice from his government, that the following articles will be permitted to the ports of that kingdom free of duty until the 1st of June, 1846, namely—cheese, rye, barley, buckwheat, Indian corn, beans, peas, oats, oatmeal, potatoes, and rice.

**SMALL AFFAIRS.**—The smallest bird of America is the hummingbird, and of Europe the golden crested wren.—The smallest quadruped in the world is the pigmy mouse of Siberia. The most diminutive plant is the arctic raspberry, which is so small that a six ounce phial will hold the whole—branches, leaves, and fruit.

It is estimated that the quantity of tobacco consumed annually in Great Britain, if worked into pigtail would reach three times round the world.

Seventeen steam-frigates of 30 guns each, are in process of building in England, to be substituted in place of several heavy ships of the line, which are to be laid up.

It is estimated that the power of steam in Great Britain is equal to the labor of 170,000,000 of men, in a population of only 28,000,000.

The population of Russia, according to the last census, is 62,500,000; yet there is evidently less wealth and strength than in the United States.

**WHAT A COUNTRY!**—Five hundred and fifteen millions of bushels of grain are raised in the United States, besides eighty-one millions of pounds of rice, and five hundred and ten million bushel of potatoes!

James Powers, was about to be tried in Boston last Wednesday week, for a crime punishable with death, when to the surprise of all, the prosecution was withdrawn, the girl, (Hannah Welsh,) whom he had violated, having become his wife that mornning, and thus by law, was incapable of testifying against him.

## CONGRESSIONAL INTELLIGENCER.

The proprietors of the *National Intelligencer*, in order to meet the wishes of those whose circumstances or inclination do not allow them to subscribe even to a weekly Washington paper

during the whole year, have determined to issue, during each session of Congress, a weekly sheet styled "*The Congressional Intelligencer*," to be devoted exclusively to the publication, as far as its limits will permit, of the proceedings of both houses of Congress, and Official Reports and Documents connected therewith, including a complete official copy of all the Acts passed by Congress during the session.

To bring the price within the means of every man who can read, the charge for this paper will be for the first session of each Congress One Dollar, and for the second session of each Congress half a Dollar.

The price of the Congressional Intelligencer, to be issued on each Wednesday during the approaching session of Congress, will therefore be One Dollar, paid in advance.

To enlarge upon the value, to those who take no newspaper from Washington, of this publication, containing an impartial, but necessarily abbreviated account of the Proceedings in Congress, including an official copy of all the laws passed during the session, would be needless. The man who takes no such paper ought to take one, if he does not prefer remaining ignorant of what most nearly concerns his own destiny, and that of his family, and of his posterity forever.

When six copies are ordered and paid for by any one person, a deduction of one-sixth will be made from the price; that is to say a remittance of Five Dollars will command six copies of the Congressional Intelligencer for the next session. A remittance of Ten Dollars, will secure thirteen copies; and for Fifteen Dollars, remitted from any one person or place, twenty copies will be forwarded.

Payment in advance in all cases is indispensable.

## WEEKLY NATIONAL INTELLIGENCER.

This paper, being made up of such portions of the contents of the National Intelligencer proper as can be compressed within the compass of a single newspaper, continues to be issued and mailed to subscribers every Saturday, at Two Dollars a year, payable in advance in all cases—no account being opened with subscribers to the weekly paper.

To bring this paper yet more nearly within the reach of such as desire to take by the year a cheap paper from the seat of the General Government, a deduction will be made in the price of it where a number of copies are ordered and paid for any one person or association, at the following rates:

For Ten Dollars six copies will be sent.

For Twenty Dollars thirteen; and for each sum of Ten dollars, above twenty, eight copies will be forwarded; so that a remittance of Fifty dollars will command thirty-seven copies.

Publishers of papers throughout the different States and Territories who will give a single insertion to this advertisement, (with this note annexed) and send one of their papers to this office with the advertisement marked therein, shall receive the Weekly National Intelligencer one year free of charge. Address,

GALES & SEATON,  
Washington, D. C.  
Nov. 15, 1845.

## NOTICE

Is hereby given that a petition will be presented to the Commissioners of Union county at their next session, praying for an alteration in the county road leading from Hainesville on Rush creek to Smith's Mills on Bokes creek. Said alteration to commence at the Greenville Treaty line in said road; thence in a south westerly direction to the north west corner of Anthony Middleworth's land; thence with said line southward to intersect said road at the crossing of the road leading from Richwood to East Liberty.

## NOTICE.

There will be a petition presented to the Commissioners of Union county at their next session praying for a road, beginning on the old Sandusky road about one mile south of Henry Gandy's, at a red oak tree marked with the letter H; thence a southwesterly direction to the south east corner of John McNeal's land; thence west on McNeal's line to the south west corner of said McNeal's land; thence south on James McAdow's line a few rods till it corners opposite to a new frame belonging to James McAdow: thence south to the east end of Samuel Wheeler's lane; thence with said lane to intersect Davis and Judy road at the south end of the said Wheeler's lane.

ALSO, for a road beginning at or near the south west corner of Richard Dildine's land on the Marysville and Kenton State road; thence a south westerly direction to intersect the Marysville and Bellefontaine turnpike road at Thomas Wigle's, by the way of a sugar camp formerly occupied, by Simon Coder.

November 8, 1845.

## NOTICE.

There will be a petition presented to the Commissioners of Union county at their next session, praying the location of a county road in Allen township, commencing at the county line and running on a line between John Stokes and James Cooper to a line between Jacob Cline and Matlock Stokes, thence with said Cline between said Cline and Stokes to the State road from Marysville to Bellefontaine, thence on a strait line crossing the land of Matlock Stokes to a large black-walnut stump at the Newton road and the north east line of the lands of Elisha Cowgill.

Oct. 25, 1845.

## NOTICE

Is hereby given that a petition will be presented to the Commissioners of Union county at their next session, praying for new county road, commencing at a county road leading to Jose Garwood's mill, thence an easterly course to Nathaniel Norvil's ashery, thence a northerly course with a township road to a county road leading from Middleburg to Marysville.

November 1, 1845.

NOTICE is hereby given to all concerned, that if the tax, interest, and penalties, on the foregoing list of lands and town lots and parts of lots, be not paid in the county Treasury, and the Treasurer's receipt produced therefor before the second Monday of December next ensuing, that the said lands, town lots, and parts of lots, will on said second Monday of December next (being the eighth day of December 1845) be offered for sale by the Auditor of Union County, at the Court House, in the town of Marysville, in said County of Union, in order to satisfy the tax, interest and penalties. And said sale will be continued from day to day (if necessary,) until the whole of each and every tract of land and town lot and parts of lots above described be sold or offered for sale. No bids will be taken that is not sufficient to pay the taxes, interest and penalties, which stands against each tract of land, town lot or parts of lots.

AUDITOR'S OFFICE, Marysville, Nov. 8, 1845.—4w.

### LOOK OUT!!!

I have purchased of Joshua Matthiott the knowl, or gravel bank, north of the town plat of Marysville, and west of the road leading to Marion, and near the bridge over Mill creek. I have also leased, of said Matthiott, all his land lying north of said town plat, east of said road, and south of Mill creek. This is, therefore, to forewarn all whom it may concern, that I will rigidly enforce the law against gravel diggers, or other trespasses on said premises, without respect to persons.

W. L. GIBSON.

November 1, 1845.

### NOTICE

Is hereby given that there will be petition presented to the Commissioners of Union county at their next session praying for a new county road or roads as here described. One commencing at or near the bridge crossing Blues creek on the old Sandusky road, thence to the north west corner of Esqr. M'Alister's land and with the east line of William Scott's land, thence with the east line of J. A. Stirrat's land, so as to intersect the Marion road near C. Dines' house. Also a road beginning at the Kenton road at the corner between L. Phelps and A. Pollock, thence eastwardly with the line to intersect the contemplated road.

Marysville Oct. 25, 1845.

### NOTICE

Is hereby given that a petition will be presented to the Commissioners of Union county Ohio, at their next session respectfully petitioning said Commissioners for a new county road, to commence at the Blues creek road where the Dunn's run road intersects it near Sylvester Perkins, thence northwesterly along said Perkins and Trout's line to the creek, thence continuing said Trout's and Samuel Beck's line to Trout's corner, thence with the line of said Beck and Jesse Carpenter to their corner near the southeast corner of Samuel Gamble's lot, thence following a new marked trace crossing the land known

by the name of the Bailey tract to Lewis Bonnett's south line, thence following marked trees until a little west of a sugar house, thence more east crossing the Beckley State road to intersect the lane on the west side of Lewis Bonnett's house, thence following the turn of said lane to the east end of Wm. Bonnett's stables, thence northwardly crossing Samuel Bonnett's lot, passing six rods west of John Bonnett's barn to his north line, thence bearing northwesterly fifteen or twenty rods, thence to Levi Tunks, thence on or near the old road to the corner and line dividing the lands of Thomas Tunks and Joseph Brannon, to intersect the Bellefontaine road near Thomas Tunks.
